ANCIENT ZYMERA,  
5,000 YEARS AGO.

I thought I understood what  
was coming. The bargain  
we had all struck.

I was wrong.

The consequences were  
beyond anything I could  
have imagined.

NAEVA--

Vastien, it's  
as I feared.  
We need to  
prepare.

Your people  
will need  
you.

WHAT DO  
I DO?

Head to the caves.

Find the artifacts. You'll be able to use them now.

Immortality gives you a chance to reflect on your mistakes.

Store food. Survive.

WILL YOU MEET US IN THE CAVES? TO GUIDE US?

I will not.

*...mistakes that others would ultimately pay for.*

*The tragedy at Talderra nearly destroyed us all...*

*...though none now living know my part in it.*

**KRAKA-BOOM**

Is my silence what has preserved the fragile remnants of our people, or is that merely a justification for my cowardice?

Know that for all my flaws – and they are plentiful – I tried to save as many of our people as I could...

...though at times my efforts seemed futile.

Still, it is more than can be said for the gods that once ruled our world.

They have abandoned Zymera to its fate.

**PRESENT-DAY ZYMERA:  
5,000 YEARS LATER.**

*Zymera.*

*Jewel of the republic.  
Capital of civilized space.*

## INCIDENT REPORT ISSUE #1

400% funded on Kickstarter, Issue #1 of ADM's Indie hit explores the daily lives of super-powered civil servants.

Anne can shoot fire from her hands, but her true calling is helping kids like her get the support they need to grow up. When an old friend is mysteriously killed in action, Anne teams up with Vlad to investigate and finds herself pulled towards the dangerous life she left behind.
